DETAILED ACTION

Response to Amendment

1. The Examiner acknowledges Applicant's submission on 9/11/09 including amendments to claims 1, 17, 20-22, 38, 41 and 42. Claims 1-6, 10-14, 16-27, 31-35 and 37-42 are allowed.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

2. Claims 41 and 42 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The specification recites that examples of computer readable media include transmission type media and waves. Any references to these types of media in the specification must be deleted to overcome the rejection of claims 41 and 42.

Allowable Subject Matter

3. Claims 1-6, 10-14, 16-27, 31-35 and 37-42 are allowed.

4. The following is an examiner's statement of reasons for allowance: With respect to independent claims 1, 17, 20-22, 38, 41 and 42, the combination of Lowell, Braun, Sena and Friedman disclose managing streaming media data through user manipulation of graphical controls on a user interface. The user selects an identification of a source of the media data stream and start time. Prior art combinations do not disclose storing the media data stream converted to the desired format from a viewable format that is determined by the data processing system. The

Art Unit: 2173

streaming media stream is then stored in the desired format chosen by the user. In addition to this feature, the claims recite a three step conversion process that converts the streaming media data into the desired format. The features recited above in combination with the other features of the independent claims are not disclosed in prior arts.

Since claims 2-6, 10-14, 16, 18, 19, 23-27, 31-35, 37, 39 and 40 depend on claims 1, 17, 22 and 38 and include all of the limitations of these claims, claims 2-6, 10-14, 16, 18, 19, 23-27, 31-35, 37, 39 and 40 are considered allowable for the reasons in which claims 1, 17, 22 and 38 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
